## FAMILY PORTRAIT PHOTOGRAPHY PACKAGES

Northeastern Pennsylvania provides a regular meeting place to form family reunions and we are often hired to photograph the family portraits. Photography of family portraits can vary dramatically according to the makeup of the family and the amount of time needed to arrange and pose the various groupings.

Our Basic Family Portrait Photography Packages start at \$299.00 and include the following

- 2-hours of set up and photography
- We provide full location lighting and setup at your location
- While we are there essentially to photograph the family group, if you choose we will also shoot any subgroup, individual portraits, portraits with pets etc. In fact anything that you might want.
- Any photography or preparation time required in excess of the 2 hours will be billed additionally at the rate of \$150 per hour.
- In the two hours we shoot approximately 100 images of the family in various groupings according to the clients wishes
- We select the best 15 images and do a complete PhotoShop tweak session after the photography ends. (adjusting levels, sharpness, contrast, color saturation, conversion to B&W / sepia etc.)
- Images, plus the "tweaked" images, are supplied to the client on CD
- The CD's will contain with both hi-res and lo-res images. (Lo Res images are suitable for emailing and creating web sites - Hi Res images are suitable for prints and enlargements)
